Outstanding Care

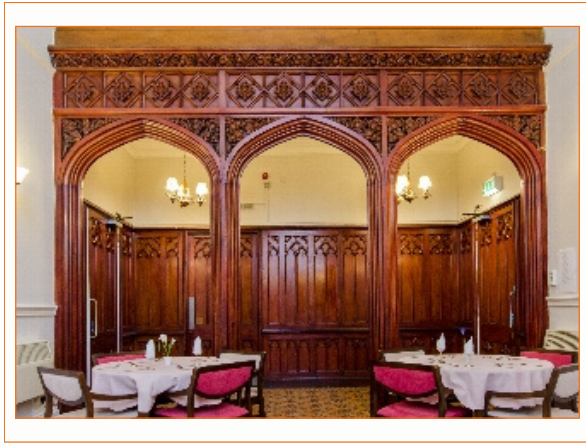

Our experienced and dedicated team are passionate about delivering exceptional care to our residents and their loved ones. We have created something special at Aaron House, a space where people can thrive with personalised, dedicated care and support.

Aaron House - your home from home

As well as providing excellent professional care, our entire team are dedicated to fostering a sense of home and of belonging. We take time to understand individual residents and explore how we can tailor our care to them. It's all about giving the confidence that we're providing the very best of care and delivering special resident experiences every day, making their day, every day.

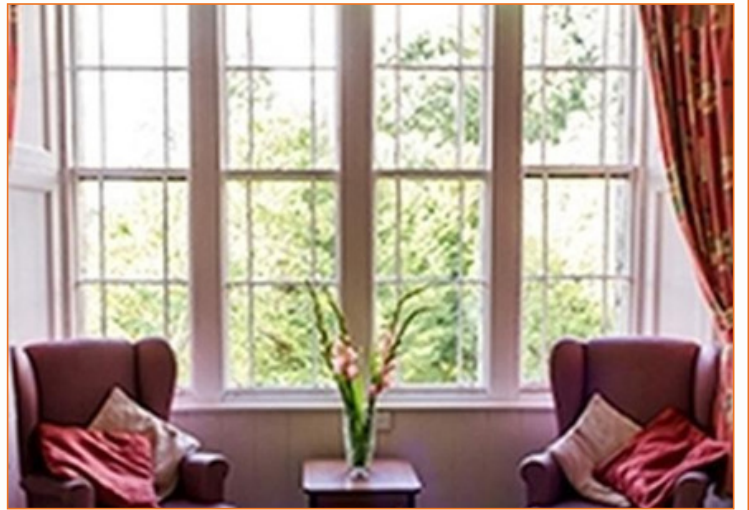

Facilities

The house is surrounded by extensive grounds and has an enclosed safe garden for people to use as they wish. The home is managed over 3 areas, Cowan, Errington and Beeslack, these areas are all different and are designed to create a homely feeling.

We've also worked hard to provide communal areas where residents can spend the day meeting with friends within the community and sharing stories or watching their favourite programs on television.

Our rooms

The memory makers and residents at Aaron House are particularly proud of their edible garden and have been growing their own crops. Where personal space is concerned, Aaron House has 65 single occupancy rooms of which 49 are ensuite.

Wellbeing

We offer an extensive 'Wellbeing' programme of activity, entertainment and events so our residents can get the most out of every day. With quizzes, discussions, music, exercise, gardening, garden parties and excursions there is much to enjoy! We welcome visits from family, friends and the many members of our wider community – no need to book, just come on in, the kettle's always on.

Funding your care

We welcome both self-funding residents and those supported by the local authority. If you are a local authority funded resident and need to pay a top-up fee to cover our weekly fee, the local authority will be responsible for paying us the full cost of care while collecting the top-up directly from you.

Our Fees

Our fees will vary depending on needs and customer preferences which will be assessed prior to any offer of fees. We can then determine the level of care needed to provide the very best possible care.
